

GARBAGE COLLECTION AREA

GARBAGE GUIDELINES

Please help to ensure the safety and sanitation of our property by following these guidelines:

1. Please do not put trash into an already filled garbage bin/dumpster. If the garbage bin/dumpster closest to your home is already full, please take your trash to the next nearest empty garbage bin/dumpster on the property.
2. Please help us to ensure that the lids on the garbage bins/dumpsters remain closed. If the lid will not close due to being over-filled, please take your trash to the next nearest empty garbage bin/dumpster on the property.
3. Please ensure that all boxes are broken down and that large garbage is "smashed."
4. Please do not leave large household items or furniture in the garbage collection areas, outside of the dumpsters. If you have large household items or furniture that you need removed, please contact your local hauling service that can remove these items for you, at your expense.
5. If you or a member of your household is found leaving garbage, boxes or household items/furniture outside of the garbage bins/dumpsters or putting garbage in already filled garbage bins/dumpsters, you will be in non-compliance.

THANK YOU
