

In an effort to respond to social distancing recommendations and decrease the number of people in our laundry rooms at one time, until further notice this

Laundry Room is Open 24 hours per day

Management is working to ensure that all areas typically touched by people are sanitized often. These areas include but are not limited to laundry machine knobs, door handles, light switches, etc. Even so, we cannot guarantee a germ free or sterile environment. Please follow recommendations by the CDC on handwashing, social distancing and personal protection.
